

# Product Information

## STEP ONE

### Description

This product is formulated for use as a pre-spray before using a standard shampooing method of cleaning.

Contains a blend of detergents and solvents which will loosen and suspend the heaviest soils for easy removal. Works well on both oil and water soluble soils.

Use of this product provides the essential first step in any successful carpet cleaning program.

### Directions

NOTE: Always test for color change or loss in an inconspicuous area before use.

1. Use a starting dilution rate of 16 to 18 ounces of this product per gallon of water.
2. Using a pump type or electric sprayer, apply lightly to soiled traffic lanes.
3. Allow to stand for 5 to 10 minutes.
4. For heavily soiled areas, agitation with a pile brush is recommended.
5. Clean carpet by extraction or rotary shampooing.

**WARNING:** SKIN AND EYE IRRITANT. Contains Alkaline Salts, Glycol Ether Solvents, and Surfactants. Do not allow skin or eye contact. For skin or eyes, flush with large amounts of water. For eyes, or if swallowed, call a physician. Do not take internally. Use with adequate ventilation.  
KEEP OUT OF REACH OF CHILDREN FOR INDUSTRIAL & INSTITUTIONAL USE ONLY

### Specifications
