

Product Information

LIQUID HAND SOAP

Description

A high quality hand soap made from a blending of synthetic detergents, skin conditioners and other ingredients. It produces heavy, stable lather for efficient cleaning.

Mild and non-irritating to the hands after repeated use because of the gentle formulation.

Works well in cold or warm, hard or soft water and will produce fast, high foaming lather that rinses off quickly and easily.

Directions

After the dispenser has been filled:

1. Thoroughly wet hands with water.
2. Apply only enough soap to produce a rich lather.
3. Rinse hands thoroughly to remove all traces of suds.
4. Dry hands completely. Skin should then be clean, soft and velvety.

CAUTION: Avoid getting product into eyes. If it does, rinse eyes with plenty of water. Do not take internally.
KEEP OUT OF REACH OF CHILDREN KEEP FROM FREEZING FOR INDUSTRIAL & INSTITUTIONAL USE ONLY

Specifications

Type product	Synthetic
Appearance	Clear, fluorescent yellow
Odor	Floral
Weight per gallon	8.36 lbs.
Viscosity (cps.)	10.0± 5.0
pH (100%)	6.1 ± 0.1
pH (1% in tap water)	6.5 ± 0.1
Cloud point	None to freezing
Separation point	>130° F
Freeze/thaw stability	3 cycles (with mixing)
Biodegradability	Complete
