

Product Information

GLEAM-ALL

Description

This product is a specially formulated material which cleans and also deposits a buffable film. When buffed, a satin appearance is obtained. It is phosphate free.

Recommended Uses

This product is recommended for all resilient tile floors and is very effective for maintenance of quarry tile and other unglazed masonry surfaces.

Directions

1. CLEANING

- A. Light cleaning: Add 1 oz. of this product to one gallon of water. Damp mop or auto scrub the entire floor.
- B. Heavy cleaning: Use 2 oz. to one gallon of water and damp mop or auto scrub the entire floor.

2. After cleaning let floor dry and buff with a polishing pad or brush.

NOTE: Do not rinse after the normal cleaning procedure, as it will remove the protection of this product. However, if you plan on applying floor finish, this product must be removed. This can be accomplished by thoroughly damp mopping with water.

WARNING

Causes eye irritation.

Wash hands thoroughly after handling.

FIRST AID

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical attention. Do not take internally.

KEEP OUT OF REACH OF CHILDREN FOR INDUSTRIAL & INSTITUTIONAL USE ONLY

WARNING: This product can expose you to Diethanolamine, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.
