

Product Information

NEUTRAL CLEANER

Description

Tile Star Neutral Cleaner is a 100% synthetic detergent that has been specifically developed for maintaining delicate surfaces such as marble, granite and vinyl floors. When used as directed, it will rapidly wet, emulsify and suspend soil without harming the surface or removing the existing finish, if present. Neutral Cleaner leaves no dulling film on the surface.

Recommended Uses

- (1) As a maintenance detergent for vinyl, vinyl composition, no-wax finishes, rubber, terrazzo and linoleum.
- (2) As an all purpose detergent for painted surfaces, walls, woodwork, desks, sinks and venetian blinds.

Directions

Sweep floor thoroughly to remove all surface soil. Use 4 - 5 oz. of Tile Star Neutral Cleaner to each gallon of water. Spread solution liberally with a sponge mop, string mop or microfiber mop. Do a small area at a time. Work solution onto surface. Wipe up liquid frequently rinsing the mop in the cleaning solution. It is not necessary to rinse surface after cleaning.

For hard-to-clean areas, allow solution to stand for four or five minutes and if necessary loosen dirt with a stiff brush. Then proceed as above. Rinsing is not necessary unless the floor is very dirty. Then rinse the surface with clear water and wipe dry.

WARNING

Causes eye irritation.

Wash hands thoroughly after handling.

FIRST AID

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical attention. Do not take internally.
